Liberia 92m1 Pipe Bridge

Dear,

The purpose of this letter is to confirm that Dijkstaal (International) B.V. was rewarded and executed correctly the order for the supply of the above mentioned bridge, including calculations, manuals and drawings.

Details :

Bridge project Liberia : Design, Engineering, Production and Supply of a 92 m1 steel truss pipe bridge.

Country : Republic of Liberia

Client : Liberia Water and Sewer Authority

Role Dijkstaal: Subcontractor to DENYS NV

Scope : Design and Supply; Steel Truss Bridge, bearings, gratings, fasteners.

Project: 1 pc of Steel Truss Pipe Bridge 92m (3-span)

Execution Period : 2020

Grant : 100% | MCC / USAID

The professional approach of Dijkstaal (International) B.V. in terms of detailed design, the fabrication and the experience in exporting and packing the goods was more than satisfactory.

Kindest regards,

B. DE SMEDT
Director Africa
